WFP thanks its **PARTNERS**

Government of Tajikistan: Ministry of Health and Social Protection of the Population, Ministry of Education and Science, Ministry of Economic Development and Trade, Committee of Emergency Situations and Civil Defence and Committee for Environmental Protection under Government of the Republic of Tajikistan.

Other partners: WFP closely works with other UN agencies, development partners, local community-based public organisations and the private sector.

Strategic Outcome Highlights in 2021

Strategic Outcome 01: Food-insecure vulnerable people, including primary schoolchildren, meet their basic food requirements by 2024

-  **626,719 schoolchildren** and their families benefited from school meals
-  **2,000 schools** were covered by the school meals programme
-  **8,500 MT of mixed food commodities** were provided to schoolchildren and their families through daily hot meals and take-home rations

Strategic Outcome 02: Reduce level of malnutrition of vulnerable groups, especially aged 6-59 months and pregnant and lactating women by 2024

-  **6,207 beneficiaries** covered by moderate acute malnutrition (MAM) treatment
-  **267 health workers** trained on MAM treatment
-  **250 primary healthcare centers** assisted

Strategic Outcome 03: Targeted food-insecure communities in areas vulnerable to climate change have increased their resilience to shocks by 2024

-  **30,000 beneficiaries** were supported through emergency cash for assets
-  **6,510 project participants** and their families were provided with cash assistance to meet their daily food and nutrition gaps
-  **One-off mixed food commodities** were provided to **2,027** affected households
-  WFP supported the construction of **70 houses** that had been completely or partially destroyed by earthquake

Strategic Outcome 04: Government institutions have strengthened capacities to target, design and implement effective food security and nutrition strategies by 2024

-  **School Feeding Centre** was established under the Ministry of Education and Science of Tajikistan
-  **8 bakeries** were renovated and constructed

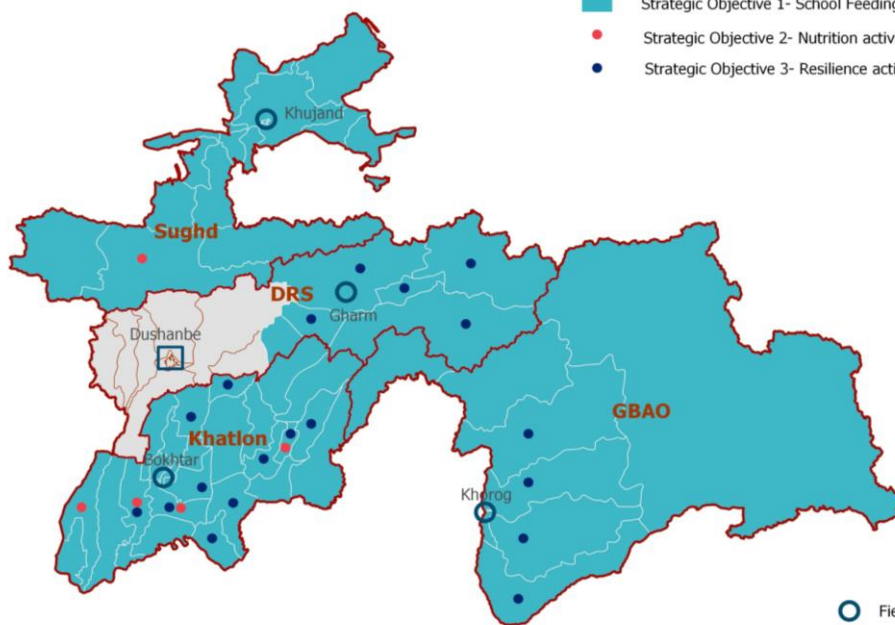

Strategic Outcome 05: Humanitarian and development actors and national system have access to services and expertise in the areas of logistics, procurement and administration

-  **1,316 MT of wheat-flour** were procured from the local market and delivered to **Afghanistan**
-  Logistic support was provided to the **United Nations Humanitarian Air Service (UNHAS) flights** between Dushanbe – Kabul and other Afghan destinations
