	Total for 2021	\$64,467,600

UN Country Team in Tajikistan

Resident UN Agencies¹

Non-Resident UN Agencies²

1. UN agencies located in Tajikistan
2. UN agencies located outside Tajikistan

Joint Efforts to Advance SDGs

6 UN Agencies helped the Government to unlock alternative financing options and development of a **Roadmap for financing of National Development Strategy and SDGs to use innovative approaches, such as gender-responsive budgeting for a more transparent and inclusive system.**

UN partnered with the Government and CSOs, to provide **80,000 individual beneficiaries with essential services for the response and prevention of domestic violence.**

A **National Food Systems Pathway** elaborated through a wide multi-partner dialogue **to improve food security and nutrition** in Tajikistan.

UN Priorities for 2022

1

Prevention and Sources of Resilience

UN will work closely with national stakeholders to build a more resilient Tajikistan, able to counter potential external and internal socio economic and political pressures.

2

Thematic Priorities

Guided by the 'leave no one behind' principle, UN thematic priorities will include:

- Supporting people with disabilities, HIV/AIDs
- Women and girls empowerment
- Food security and food systems
- Green Economic Recovery
- Digital Transformation
- Climate Change and Water

3

Strategic Partnerships and Financing

UN entities will continue to invest in national capacities to strengthen mechanisms to attract, increase and streamline financing for the national SDG priorities.

4

UN Sustainable Development Framework Endorsement

UN in Tajikistan will continue the work on UNSDCF proposed strategic priorities and in consultations with the Government, civil society, international community, representatives of groups left farthest behind, endorse the new cooperation framework in 2022.

5

Business Innovation

UN continues to implement Business Operations Strategy to improve our UN wide performance and reduce costs.
